<b>Library / Framework</b>	React · React Native · NextJS · KeystoneJS · Jest · Testing Library · Mixpanel

## Experience

### Demandbase

*[demandbase.com](https://demandbase.com)*

#### SOFTWARE ENGINEER

*Mar 2022 - Present*

- Delivered on a multi-quarter effort to improve "snapshot" emails to showcase a more intuitive experience, leverage previously unused yet valuable features, and introduce new features made possible through seamless interactions among 4 APIs
- Identified a time-consuming and error-prone process as a release manager and automated it with a script that evolved into a Gitlab pipeline, saving at least a few minutes during each weekly release
- Laid the groundwork for transitioning the in-house UI library to use semantic versioning by creating the validators that act as guardrails for the team to keep the valid semantic version locally and in the npm registry

### ByDesign

*[bydesign.io](https://bydesign.io)*

#### SOFTWARE ENGINEER

*Nov 2020 - Mar 2022*

- Built a productivity app from the ground up using React Native, Redux, and Firebase
- Synchronized real-time editing and notifications between the web and mobile apps
- Implemented core functionalities of the web app, such as authentication, onboarding, and analytics
- Guided the development team toward meeting their sprint goals through daily stand-ups

## Projects

### Alchemy

*[Github Repository](#)*

#### MONGODB, NEXTJS, KEYSTONEJS, APOLLO CLIENT, STYLED COMPONENTS & JEST

*Dec 2021*

- Hosts a clothing store where users can browse and search for items, manage cart, and complete checkout via Stripe
- Arranges previous orders chronologically and provides a separate page that summarizes each order
- Allows users to upload items for sale and sends item images directly to Cloudinary
- Includes an admin UI to manage backend data comprised of 6 schemas

### Yelp Heavy

*[bit.do/yelp-heavy](https://bit.do/yelp-heavy)*

#### MONGODB, REACT & SCRAPY

*Dec 2019*

- Provides rankings of the restaurants in New York City, taking both positive and negative Yelp reviews into account
- Allows filtering by cuisine, review count & price range and includes links to Google Maps vs. Yelp's proprietary map

### Relative Horoscope

*[bit.do/relative-horoscope](https://bit.do/relative-horoscope)*

#### FLASK, JINJA, SENTIMENT ANALYSIS & API INTEGRATION

*Sep 2019*

- Scans today's horoscope and converts it into a numeric score using sentiment analysis
- Ranks each zodiac sign based on the positive sentiment of the horoscope and updates daily

## Certifications

### Solutions Architect – Associate

#### AMAZON WEB SERVICES

- Acquired the knowledge to build secure and robust solutions using architectural design principles based on customer requirements

## Education

### Emory University, Goizueta Business School

#### BACHELOR OF BUSINESS ADMINISTRATION

Finance & Analytical Consulting
